Subject: Re: SEDFLUME testing in NB.....

Stephanie:

So SEA will be an EPA contractor and develop the QAPP including select sedflume locations?

The CPG appreciates the opportunity to review the QAPP.

Thanks

Hi Rob,

I wanted to let you know that EPA has decided to conduct SEDFLUME testing in Newark Bay itself, through Sea Engineering. The QAPP will be ready in a couple of weeks, and I will send it to you for review. The NB team intends to conduct this sampling in Late September or October.

Thanks,
Stephanie
